

CUBA.

Aspinwall advices say that a plan was formed by RYAN, the Cuban "patriot," to seize the steamer *Ocean Queen* and take her to Cuba, to be released on landing his band and 2,000 cases of ammunition he had on board. The presence of 200 United States troops en route for California interfered with the plan, and the interesting passengers got off at Aspinwall, to await the arrival of the *Hornet*, which carried a portion of them to Cuba. During their stay at Aspinwall, it was rumored that their design was to aid a revolution in the interest of MOSQUERA, against the Panama Government. On Christmas Day they got into a fight with a party of Jamaica negroes, and knives were freely used.
