

DID'NT GO.—The steamer Ben Campbell which was advertised to leave this port for Mustatine at 9 o'clock, yesterday morning, to convey passengers to the State Fair, did not go, to our certain knowledge. The occasion of this detection was that the Ben in coming up yesterday morning, encountered a dense bank of fog, and was unable to make her time. Disappointments have been known to occur before, even in the best regulated, and most respectable families, therefore it is best to take the matter as early as possible, as the Fair will undoubtedly organize whether the disappointed ones are there or not.
