

Mass Meeting of Cubans.

NEW YORK, July 20.—Over 400 Cuban residents of New York and nearby cities held a meeting Thursday night to advance the cause of liberty in their native land and also to welcome Senor Tomas Estrada Palma, who was recently elected diplomatic delegate from the Cuban revolutionary party in this country. As he appeared on the platform the large audience rose to their feet and cheered the delegate vociferously. Senor Palma made a brief speech in which he expressed his gratitude for the confidence reposed in him by the Cubans in this country.
