**CITY INTELLIGENCE.**

✓**TO BE INVESTIGATED.**—It will be recollected that we mentioned a few days since the case of a negro boy in the Third Municipality, who was whipped in the most shameful manner by his mistress, and then sent to a blacksmith and ironed. With his feet manacled so that he could scarcely move, he was dragged through the streets by his own mother, the mistress a negress, compelling the mother to act this part towards her child. An affidavit was yesterday made before Recorder Seuzeneau, and the owner of the boy, Rosette Rouchan, *f. w. c.*, will be brought up for examination. We doubt not that she will receive justice.
