Colonel Ryan, who made such a daring escape from the deputy marshal, is believed to have taken a tug, with a large portion of his Cuban command, and sailed for Cuba or some point out of reach of the Marshal. The remainder of his expeditionary force will probably leave to-night. Lieutenant Colonel Michaelovsky and Captain Clancy were arrested by the Marshal last evening. Colonel Courier was brought before Commissioner Shields yesterday with his hands manacled, and was remanded to jail, being charged with assisting Ryan to escape, and being unable to give bail in the sum of \$15,000. Peters was released on giving \$7,000 bail.
