

THE COLORED SOLDIERS. The State Central Committee of the Fremont Legion of colored soldiers give the following notice of the removal of headquarters from Utica to Brooklyn, where colored recruits from New York and its vicinity will hereafter be received.

" All colored men who have obtained lists of colored volunteers for the war, and all who wish to serve either as privates or sergeants, and all white men who have obtained lists of men, are earnestly requested to immediately transmit such lists to the headquarters of the Central Committee, which has been transferred from Utica to Brooklyn, N. Y. A large number of men are already enrolled—more are wanted at once; and all persons who can raise troops are hereby fully authorized to enroll names and send them to this headquarters as soon as possible, to the end that we may offer ourselves in a body to the government at the earliest possible date. The Fremont Legion ought to be organized and presented at once, to show the government that we mean business. Respectfully,

" P. B. RANDOLPH,

" President New York State Central Committee.
Headquarters, Brooklyn, N. Y."
